Matt - this is fine and I thought I had approved it. Anyway, the only thing I didn't see was our plan to treat using the same chemistry as we did at R nB.

Steve – this plan was submitted for review on June 11. I don't see that I received any requested changes from you. Are we in agreement that this is the final that should be provided to Joni?

Attached is a Draft Work Plan for Gold King. Please review and comment when you get a chance. The \$ estimate was provided previously, let me know if you want another copy. Elliott's schedule is the most current and will be inserted as the estimate referenced for Attachment B.
